- Trader X uses the Deposit Bonus to continue trading.
- As per the T&Cs of this Offer, if trader X is trading in financial instruments on Spot FX and/or Spot Metals and/or Spot Oils, trader X is required to complete a trading volume of 25 R/T lots for every \$100 (or the equivalent amount in ZAR) equivalent of Deposit Bonus received. In this case, Trader X, having received Deposit Bonus of \$50 (or the equivalent amount in ZAR), needs to trade 12.5 R/T lots to be eligible to withdraw the profit which was made by using the Bonus amount received.

every \$100 (or the equivalent amount in ZAR) equivalent of Deposit Bonus received. In this case, Trader Y, having received Deposit Bonus of \$200 (or the equivalent amount in ZAR), needs to trade 200 R/T lots to be eligible to withdraw the profit which was made by using the Bonus amount received.

- Trader Y, who successfully meets the trading volume requirement, withdraws any amount from their trading account and/or the bonus amount and continues trading.

### **Example 3**

- Trader Z is a verified Client of the Company who has made a deposit of \$1000 or the equivalent amount in ZAR.
- Trader Z sends an email request to [payment@scopemarkets.co.za](mailto:payment@scopemarkets.co.za), to activate the Offer.
- The Company, after ensuring that the Client is eligible to this Offer under the present terms and conditions, approves the request and adds a Deposit Bonus of 100% of the last deposit, which equals to \$1000 or the equivalent amount in ZAR (100% of \$1000 or the equivalent amount in ZAR), in Trader Z's trading account.
- Trader Z uses the Deposit Bonus to trade 150 \*R/T lots XAUUSD (this has generated 600 USD or the equivalent amount in ZAR) and 400 \*R/T WS30 (which has generated another 400 USD or the equivalent amount in ZAR).

Alternatively:

- Trader Z uses the Deposit Bonus to trade 125 \*R/T lots XAUUSD (which generated 500 USD or the equivalent amount in ZAR) and 500 \*R/T WS30 (which has generated another 500 USD or the equivalent amount in ZAR).

## **7. Special Terms:**

- a) Subject to these Terms and Conditions, the Client is eligible to participate in this Bonus Scheme more than once.
- b) The Bonus shall be removed from the Client's trading account within ninety (90) days after receiving it (referred to as the "**Expiration Period**"). If the trading Volume Requirements outlined in paragraph 5 of these terms and conditions are not fulfilled by the end of this Expiration Period the bonus amount will be removed from the Client's trading account.
- c) Clients are entitled to reapply for the present Bonus Scheme by adhering to the initial application procedure. The acceptance of requests from Clients who have previously received the Offer is contingent upon compliance with the current Terms and Conditions and remains at the discretion of

the Company.

- d) In case that the balance of a Client's trading account is negative, such Client shall not be eligible to the Offer until the negative balance is reviewed and adjusted either by the company or the Client himself.
- e) The Offer is to be used only for opening new positions and will not be calculated against trading losses. This means that:
  - i. The bonus amount can be used as an extra margin. This means that Client's credit will be used as extra margin.
  - ii. The Margin Stop-Out Mechanism as applicable to the Client's trading account will be triggered without taking into consideration the bonus amount available in the trading account.
  - iii. When the Client's total equity reaches the bonus amount available in the Client's trading account, the negative balance protection mechanism will be effected, meaning that all Client's positions will be closed, and trading will be stopped.

**It is provided that in the last two cases described above – e(ii) and e(iii) – the bonus will also be removed from the subject trading account.**

**Example:** Client deposits \$100 and receives \$50 in bonus. Client's total equity is \$150, but Client's own-funds part of the equity is \$100. Client opens a 0.1 lots EURUSD trading position with 1:500 leverage and EURUSD exchange rate of 1.15. Client's margin requirement to open this position is  $100,000 (1 \text{ lot of EURUSD}) \times 0.1 / 500 (\text{leverage}) \times 1.15 (\text{EURUSD exchange rate}) = \$23$ . If Client's unrealized P/L goes to  $-\$100$ , Client's total equity will drop to  $\$150 - \$100 = \$50$ , but Client's own funds part of the equity will drop to  $\$100 - \$100 = \$0$ , and the trading account equity will be equal to the credit, therefore the account will be liquidated.

## 8. General Terms:

- a) Provided that a Client is considered by the Company as eligible to this Offer under the present Terms and Conditions, the addition of the Bonus amount in the Client's trading account may take up to 24 hours.
- b) The Company reserves the right, at its reasonable discretion, to decline the participation of any Client and/or discontinue this offer to any of its clients, without having the obligation to explain the reasons. The Company may notify such Clients via email.
- c) The Company reserves the right to alter, amend or terminate the Bonus at its sole and absolute discretion, without having the obligation to elaborate on the reasons. Notification of any alterations and/or amendments will be sent via email to all Clients. By participating in this Offer, the Client acknowledges his acceptance and agreement to abide by any such alterations, amendments and/or changes.
- d) Any indication or suspicion, in the Company's sole discretion, of any form of arbitrage (including but not limited to risk free profiting), abuse (including but not limited to participant's trading activity

patterns that indicate that the participant solely aims to benefit financially from the credit trading bonus, without being genuinely interested in trading in the markets and/or taking market risk), fraud, manipulation, cash-back arbitrage connected to a trading bonus or any other forms of deceitful or fraudulent activity, will nullify all previously credited trading bonuses of the Client's trading accounts with the Company and/or any and all transactions carried and/or profits or losses garnered therein. In these circumstances, the Company reserves the right, at its sole discretion to close/suspend (either temporarily or permanently) all such Client's trading account(s) with the Company, cancel all orders and annul all profits of such participant. In these circumstances, the Company shall not be liable for any consequences of the trading bonus cancellation, including but not limited to, order(s) closure by Stop Out.

- e) The present Terms and Conditions shall be governed by and construed in accordance with the Laws of South Africa. Any dispute or situation not covered by these terms will be resolved by the Company in the manner it deems to be the fairest to all concerned. That decision shall be final and/or binding on all entrants. No correspondence will be entered into.
